

OWN YOUR POWER

KELLEY & KATZER
REAL ESTATE, LLC

EVERLAST
ENERGY

WHO WE ARE

Founded in Connecticut, Everlast Energy is dedicated to helping families own their power. Our mission is to foster a thriving solar community throughout New England by prioritizing education, transparency, and superior service.

Our unique in-house strategy spans from financing to installation, eliminating the need for external contractors. We also offer tree removal and roof replacement to provide solar solutions for homes previously deemed unsuitable. This approach ensures a smooth transition to renewable energy, underscoring our commitment to our clients.

WHY CHOOSE US

Transparency

We ensure full transparency in every project, fostering trust and clarity to empower homeowners in their solar journey.

In-House Approach

From consultation to installation, all services and communication are performed in-house by our experts to guarantee quality and efficiency.

Trusted by Thousands

Join thousands who've trusted Everlast to light up their homes with solar energy, ensuring reliability and dedicated support.
